FUND SUMMARY

Investment Objective

The investment objective of The Texas Fund (the “Fund”) is long-term capital appreciation. The Fund is an equity fund.

Fees and Expenses of the Fund

This table describes the fees and expenses you may pay if you buy and hold shares of the Fund.

Shareholder Fees (fees paid directly from your investment)	
Maximum Sales Charge (Load) Imposed on Purchases	None
Maximum Deferred Sales Charge (Load)	None
Sales Charge (Load) Imposed on Reinvested Distributions	None
Redemption Fee	None
Exchange Fee	None
Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)	
Management Fees	0.36%
Distribution and/or Service (12b-1) Fees	None
Other Expenses	0.27%
Operating Expenses	1.06%
Total of All Other Expenses ¹	1.33%
Acquired (Underlying) Fund Fees and Expenses	0.15%
Total Annual Fund Operating Expenses ²	1.84%

- ¹ The shareholders will pay to the Adviser an Operating Services Fee at an annual rate of 1.20% of the Fund’s average daily net assets up to \$10 million, 0.75% of such assets from \$10 million up to \$25 million, 0.65% of such assets from \$25 million up to \$50 million, 0.50% of such assets from \$50 million up to \$100 million, and 0.35% of such assets over \$100 million.

- ² Total Annual Fund Operating Expenses may not correlate to the ratio of expenses to average net assets provided in the Financial Highlights. The information in the Financial Highlights reflects the operating expenses of the Fund and does not include Acquired Fund Fees and Expenses. Acquired Fund Fees and Expenses are the fees and expenses incurred indirectly by the Fund as a result of its investments in investment companies and other pooled investment vehicles.

Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year, and that the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

1 Year	3 Years	5 Years	10 Years
\$187	\$579	\$995	\$2,159

You would pay the same expenses listed in the above table if you did not redeem your shares.

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund’s performance. During most recent fiscal year, the Fund’s portfolio turnover rate was 59% of the average value of its portfolio.

Principal Investment Strategies

The Fund’s principal investment strategy is to invest at least 80% of its assets, less any borrowing for investment purposes, in the common stock of companies either (i) headquartered in Texas based on information provided by Morningstar, Inc., (ii) organized under the laws of Texas, or (iii) that, during the most recent fiscal year, derived at least 50% of its revenues or profits from goods produced or sold, investments made, or services performed in Texas or that have at least 50% of its assets in Texas. In determining whether a company meets this condition, the Sub-Adviser may rely on such information and sources as the Sub-Adviser deems reasonable and appropriate.

The Fund will be invested across a broad market capitalization spectrum, including small, mid and large capitalization companies. The Sub-Adviser typically selects companies in which to invest by performing an initial market capitalization screening of \$500 million or more. The Sub-Adviser controls for risk by performing fundamental analyses of the initially screened companies. The Sub-Adviser analyzes factors such as financial conditions, industry position, and market and economic conditions and trends to select investments and make buy and sell decisions. Once the Sub-Adviser selects companies in which to invest, the Sub-Adviser initially equally weights the companies within each sector. The Sub-Adviser does not equally weight each sector within the Fund.

The Fund will not invest 25% or more of its assets in any industry or group of related industries. However, the Fund does intend to have a high level of investments in the oil and gas industry due to the Fund’s management team’s belief that such industry has superior growth opportunities. Except as otherwise permitted by the Fund’s non-fundamental policies, any concentration in a specific sector or industry will be under this 25% concentration threshold.

Principal Investment Risks

An investment in the Fund is subject to investment risks, including the possible loss of some or all of the principal amount invested. There can be no assurance that the Fund will be successful in meeting its investment objective. Generally, the Fund will be subject to the following additional risks:

Investment Selection Risk. The Fund’s ability to achieve its investment objective is dependent on the Sub-Adviser’s ability to identify profitable investment opportunities for the Fund.

Market Risk. The value of securities in the Fund’s portfolio may decline due to daily fluctuations in the securities markets, including fluctuation in interest rates, national and international economic conditions and general equity market conditions.

Business and Sector Risk. From time to time, a particular set of circumstances may affect a particular industry or certain companies within an industry, while having little or no impact on other industries or other companies within the industry.

Geographic Concentration Risk. The Fund’s investments are concentrated in Texas, and therefore the Fund will be susceptible to adverse market, political, regulatory, social, economic, and geographic events

affecting Texas. The Fund's performance may be more volatile than the performance of more geographically diverse funds. Since one of the main industries in Texas is mining and logging, including the oil and gas sectors, Texas is particularly susceptible to economic, environmental, and political activities affecting this industry.

Oil and Gas Sector Risk. Companies in the oil and gas sector may have significant operations in areas at risk for natural disasters, social unrest and environmental damage. These companies may also be at risk for increased government regulations and intervention, litigation, and negative publicity and perception.

Large Company Risk. The Fund may invest in larger, more established companies, which may be unable to respond to new competitive challenges. Additionally, large companies may be unable to attain the high growth rates of successful, small companies, especially during extended periods of economic expansion.

Small and Mid-Capitalization Company Risk. The Fund may invest in small and medium-capitalized companies which involve greater risks than those associated with larger, more established companies. Smaller companies may be subject to more abrupt or erratic price movements.

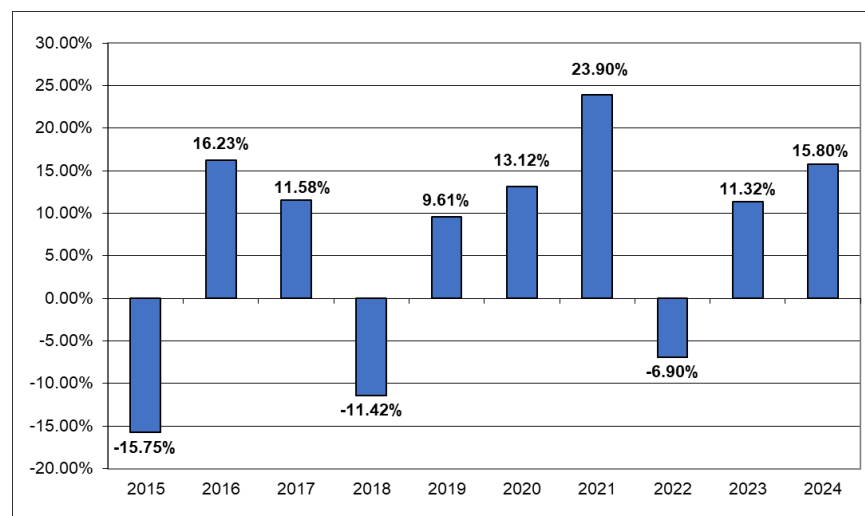

Shareholder Concentration Risk. When a small number of shareholders account for a disproportionate share of the Fund's assets, the Fund could be vulnerable to a very large redemption request from a significant shareholder who wants to redeem. Such redemption may increase the expense ratio of the Fund. The decision-making process may also be controlled by a limited number of shareholders which may be biased in favor of said small group.

An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund is not a complete investment program.

Performance

The bar chart and performance table that follow provide some indication of the risks and variability of investing in the Fund by showing changes in the Fund's performance from year to year and by showing how the Fund's average annual total returns compare with those of a broad measure of market performance. The Fund's past performance (before and after taxes) is not necessarily an indication of how the Fund will perform in the future. Updated performance information will be available at no cost by calling (888) 263-5593 and on the Fund's website at www.monteaglefunds.com.

Calendar Year Returns as of December 31, 2024

The Fund's Institutional Class Shares year-to-date total return through September 30, 2025, was 10.57%.

Best and Worst Quarter Returns

(for the last 10 years)

	Return	Quarter/Year
Highest Return	26.59%	December 31, 2020
Lowest Return	-28.43%	March 31, 2020

Average Annual Total Returns

For the Period Ended December 31, 2024

The table below shows how the Fund's average annual total returns compared to those of the S&P 500 Index[®]. The table also presents the impact of taxes on the Fund's returns. After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state or local income taxes. Your actual after-tax returns depend on your tax situation and may differ from those shown. If you own the Fund in a tax-deferred account, such as an individual retirement account ("IRA") or a 401(k) plan, after-tax returns are not relevant to your investment because such accounts are subject to taxes only upon distribution.

The Texas Fund	1 Year	5 Years	10 Years
Institutional Class Return Before Taxes	15.80%	10.96%	5.96%
Institutional Class Return After Taxes on Distributions	14.86%	10.21%	5.54%
Institutional Class Return After Taxes on Distributions and Sale of Fund Shares	10.02%	8.64 %	4.72%

Investment Adviser and Sub-Adviser

Park Place Capital Corporation d/b/a Park Place Capital is the investment adviser to the Fund. J. Team Financial, Inc. d/b/a Team Financial Strategies is the investment Sub-Adviser to the Fund.

Portfolio Managers

- Jody Team, CFP[®], President and Chief Executive Officer of the Sub-Adviser, has managed the Fund since its inception. Jody Team is the lead portfolio manager of the Fund.
- Chad B. Hoes, Chief Investment Officer of the Sub-Adviser, has managed the Fund since July 2023

Purchase and Sale of Fund Shares

Generally, you may purchase or redeem Fund shares on any business day by mail (Monteagle Funds, 8000 Town Centre Drive, Suite 400, Broadview Heights, Ohio 44147) or by wire transfer. Investors who wish to purchase, exchange or redeem Fund shares through a broker-dealer should contact the broker-dealer directly. The minimum investment for the Fund is \$10,000 and there is no subsequent minimum investment. To open an Individual Retirement Account (IRA), contact the Transfer Agent at (888) 263-5593.

Tax Information

You will generally be subject to federal income tax each year on dividend and distribution payments, as well as on any gain realized when you sell (redeem) or exchange your Fund shares. If you hold fund shares

through a tax-deferred account (such as a retirement plan), you generally will not owe tax until you receive a distribution from the account.

Financial Intermediary Compensation

Payments to Broker-Dealers and Other Financial Intermediaries. If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's Web site for more information.

MORE INFORMATION ABOUT THE FUND

Additional Information About the Investment Objectives, Strategies and Risks.

The Texas Fund (the “Fund”) is a series of the Monteagle Funds.

THE FUND’S INVESTMENT OBJECTIVE is long-term capital appreciation. The Fund’s objective may be changed without shareholder approval. The Fund will provide shareholders with at least 60 days’ notice before changing the objective. There can be no assurance that the Fund’s investment objective will be achieved. The Fund’s benchmarks are the S&P 500 Index and the Russell 3000 Index.

A WORD ABOUT THE FUND: The Fund is a mutual fund which is a pooled investment vehicle that is professionally managed and that gives you the opportunity to participate in the financial markets. The Fund strives to reach its stated objective, although no assurances can be given that it will achieve that objective. Investments in the Fund are not bank deposits and are not insured by the Federal Deposit Insurance Corporation (“FDIC”) or any other government agency. The Fund does not represent a complete investment program. Your investment in the Fund is not guaranteed, and you could lose money by investing in the Fund. A description of the Fund’s policies and procedures with respect to the disclosure of its portfolio holdings is available in the SAI.

The Fund’s principal investment strategy is to invest at least 80% of its assets, less any borrowing for investment purposes, in the common stock of companies either (i) headquartered in Texas based on information provided by Morningstar, Inc., (ii) organized under the laws of Texas, or (iii) that, during the most recent fiscal year, derived at least 50% of its revenues or profits from goods produced or sold, investments made, or services performed in Texas or that have at least 50% of its assets in Texas. In determining whether a company meets this condition, the Sub-Adviser may rely on such information and sources as the Sub-Adviser deems reasonable and appropriate.

The Sub-Adviser typically selects companies in which to invest by performing an initial market capitalization screen of \$500 million or more. The Fund will be invested across a broad market capitalization spectrum, including small, mid and large capitalization companies. The Sub-Adviser controls for Fund risks by performing fundamental analyses of the initially screened companies. The Sub-Adviser analyzes factors such as financial conditions, industry position, and market and economic conditions and trends to select investments and make buy and sell decisions. Once the Sub-Adviser selects companies in which to invest, the Sub-Adviser initially equally weights the companies within each sector. This modification of weighting allows the Sub-Adviser to control exposure within each sector and may increase an investor’s exposure to small and mid-capitalization companies. The Sub-Adviser does not equally weight each sector within the Fund.

CONCEPTS TO UNDERSTAND

Common Stock means securities representing a type of equity ownership in a corporation junior to debt and all other equity interests and providing the holders of shares of common stock certain voting and other rights.

Market Capitalization means the total dollar market value of a corporation’s outstanding shares.

The Fund will not invest 25% or more of its assets in any industry or group of related industries. However, the Fund does intend to have a high level of investments in the oil and gas industry due to the Fund’s management team’s belief that such industry has superior growth opportunities. Except as otherwise

permitted by the Fund's non-fundamental policies, any concentration in a specific sector or industry will be under this 25% concentration threshold.

Additionally, the Fund does not intend to be a "Sector Fund" (a fund concentrating its investments in one industry or related group of industries). However, if the Fund exceeds the 25% concentration threshold due to market appreciation, the portfolio managers are not obligated and do not intend to commence an orderly reduction in holdings to bring the aggregate investment in any industry or group of related industries to below 25%.

The Fund may hold derivative instruments, including options, that provide long and short exposures to debt securities and equity securities. The Fund may use derivatives to manage risk, as part of a hedging strategy (attempting to reduce risk by offsetting one investment position with another) and/or to replicate outright long or short exposures.

Temporary Defensive Position

The Fund may from time to time assume a temporary defensive position that is inconsistent with the Fund's principal investment strategies in attempting to respond to adverse market, economic, political or other conditions. For example, the Fund may hold all or a portion of its assets in securities issued by the U.S. Government, cash or cash equivalents such as high-quality money market instruments. If the Fund invests in money market shares, the shareholders of the Fund generally will be subject to duplicative management fees. As a result of engaging in these temporary measures, the Fund may not achieve its investment objective.

Cybersecurity

The computer systems, networks and devices used by the Fund and its service providers to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices potentially can be breached. The Fund and its shareholders could be negatively impacted as a result of a cybersecurity breach.

Cybersecurity breaches can include unauthorized access to systems, networks, or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. Cybersecurity breaches may cause disruptions and impact the Fund's business operations, potentially resulting in financial losses; interference with the Fund's ability to calculate their NAV; impediments to trading; the inability of the Fund, the adviser, and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs; as well as the inadvertent release of confidential information.

Similar adverse consequences could result from cybersecurity breaches affecting issuers of securities in which the Fund invests; counterparties with which the Fund engages in transactions; governmental and other regulatory authorities; exchange and other financial market operators, banks, brokers, dealers, insurance companies, and other financial institutions (including financial intermediaries and service providers for the Fund's shareholders); and other parties. In addition, substantial costs may be incurred by these entities in order to prevent any cybersecurity breaches in the future.

Principal Investment Risks

An investment in the Fund is subject to investment risks, including the possible loss of the principal amount invested. This section provides more detailed information about the Fund's principal investments and risks. This prospectus does not disclose all the types of securities or investment strategies that the Fund may use.

The Fund's statement of additional information provides more detailed information about the securities, investment strategies and risks described in this prospectus.

There is no assurance that the Fund will achieve its investment objective, and the Fund's net asset value and total return will fluctuate based upon changes in the value of its portfolio securities. Upon redemption, an investment in the Fund may be worth less than its original cost. The Fund, by itself, does not provide a complete investment program.

All investments made by the Fund have risk. Among other things, the market value of any security in which the Fund may invest is based upon the market's perception of value and not necessarily any objective measure of the issuer's worth.

The Fund is subject to the following principal investment risks:

Risks in General. Domestic economic growth and market conditions, interest rate levels, and political events are among the factors affecting the value of the Fund's investments. There is the risk that these and other factors may adversely affect the Fund's performance. The loss of money is a risk of investing in the Fund. The Fund could underperform other investments.

Investment Selection Risk. The Fund's ability to achieve its investment objective is dependent on the Sub-Adviser's ability to identify profitable investment opportunities for the Fund.

Market Risk. Stock prices are volatile. The value of securities in the Fund's portfolio may decline due to daily fluctuations in the securities markets generally. The Fund's performance per share will change daily based on many factors that may generally affect the stock market, including fluctuation in interest rates, national and international economic conditions and general equity market conditions. In a declining stock market, stock prices for all companies (including those in the Fund's portfolio) may decline, regardless of their long-term prospects.

Business and Sector Risk. From time to time, a particular set of circumstances may affect a particular industry or certain companies within an industry, while having little or no impact on other industries or other companies within the industry. For instance, economic or market factors, regulation or deregulation, and technological or other developments may negatively impact all companies in a particular industry. To the extent the Fund invests heavily in a particular industry that experiences such a negative impact, the Fund's portfolio will be adversely affected.

Geographic Concentration Risk. The main industries in Texas include (1) manufacturing, (2) mining and logging, (3) construction, (4) service-providing industries, (5) professional and business services, (6) education and health services, (7) financial activities, (8) trade, transportation and utilities, (9) information, (10) leisure and hospitality and (11) government. The Texas economy is one of the largest and most rapidly growing economies in the United States and is susceptible to adverse market, political, regulatory, social, economic and geographic events affecting Texas. As the largest exporter of goods in the United States, the Texas economy relies heavily on trade with other nations.

Oil and Gas Sector Risk. Companies in the oil and gas sector are affected by worldwide energy prices and exploration and production costs. Companies in the oil and gas sector may have significant operations in areas at risk for natural disasters, social unrest and environmental damage. These companies may also be at risk for increased government regulations and intervention, litigation, and negative publicity and perception.

Large Company Risk. The Fund may invest in larger, more established companies, which may be unable to respond to new competitive challenges. Additionally, large companies may be unable to attain the high growth rates of successful, small companies, especially during extended periods of economic expansion.

Small and Mid-Capitalization Company Risk. To the extent the Fund invests in underlying funds that invest in small and mid-capitalization companies or invests in such companies directly, the Fund will be subject to additional risks. The earnings and prospects of smaller companies are more volatile than larger companies, and smaller companies may experience higher failure rates than do larger companies. The trading volume of securities of smaller companies is normally less than that of larger companies and, therefore, may disproportionately affect their market price, tending to make prices fall more in response to selling pressure than is the case with larger companies. Smaller companies may also have limited markets, product lines, or financial resources, and may lack management experience.

Shareholder Concentration Risk. When a small number of shareholders account for a disproportionate share of the Fund's assets, the Fund could be vulnerable to a very large redemption request from a significant shareholder who wants to redeem. Such redemption may increase the expense ratio of the Fund. The decision-making process may also be controlled by a limited number of shareholders which may be biased in favor of said small group.

MANAGEMENT

Adviser

Park Place Capital Corporation d/b/a Park Place Capital (“Park Place Capital” or the “Adviser”), 2728 19th Place South, Suite 160, Homewood, Alabama 35209 serves as investment adviser to the Fund pursuant to a Management Agreement with Monteagle Funds (the “Trust”). Subject to the general oversight of the Board of Trustees of the Trust (the “Board”), the Adviser is responsible for among other things, developing a continuing investment program for the Fund in accordance with its investment objective, reviewing the investment strategies and policies of the Fund and advising the Board on the selection of Sub-Advisers.

In this capacity, Park Place Capital advises and assists the officers of the Trust in conducting the business of the Fund and is responsible for providing general investment advice and guidance to the Fund, although the Adviser has delegated responsibility for the selection and ongoing monitoring of the securities in the Fund’s investment portfolio to J. Team Financial Strategies. Park Place Capital, as of August 31, 2025, managed assets of over \$856M.

In addition to the Management Agreement, the Adviser has entered into an Operating Services Agreement (the “Operating Services Agreement”) with the Monteagle Funds on behalf of The Texas Fund to provide, or make arrangements for the provision of, virtually all day-to-day operational services to the Fund. These fees will include: (i) accounting services and functions, including costs and expenses of any independent registered public accountants; (ii) non-litigation related legal services, including the expenses of maintaining registration and qualification of the Fund and the Portfolio under federal, state and any other applicable laws and regulations; (iii) dividend disbursing agent, dividend reinvestment agent, transfer agent, and registrar services and functions (including answering inquiries related to shareholder Portfolio accounts); (iv) custodian and depository services and functions; (v) distribution, marketing and/or underwriting services; (vi) independent pricing services; (vii) preparation of reports describing the operations of the Portfolio, including the costs of providing such reports to broker-dealers, financial institutions and other organizations which render services and assistance in connection with the distribution of shares of the Portfolio; (viii) sub-accounting and recordkeeping services and functions (other than those books and records required to be maintained by Park Place Capital under the Investment Advisory Agreement between the Fund and Park Place Capital), including maintenance of shareholder records and shareholder information concerning the status of their Portfolio accounts by investment advisers, broker-dealers, financial institutions, and other organizations on behalf of Park Place Capital; (ix) shareholder and board of directors communication services, including the costs of preparing, printing and distributing notices of shareholders’ meetings, proxy statements, prospectuses, statements of additional information, Portfolio reports, and other communications to the Fund’s Portfolio shareholders, as well as all expenses of shareholders’ and board of directors’ meetings, including the compensation and reimbursable expenses of the directors of the Fund; and (x) other day-to-day administrative services, including the costs of designing, printing, and issuing certificates representing shares of the Portfolio, and premiums for the fidelity bond maintained by the Fund pursuant to Section 17(g) of the Act and rules promulgated thereunder (except for such premiums as may be allocated to third parties, as insureds thereunder). These fees do not include: (i) all brokers’ commissions, issue and transfer taxes, and other costs chargeable to the Fund or the Portfolio in connection with securities transactions to which the Fund or the Portfolio is a party or in connection with securities owned by the Fund or the Portfolio; (ii) the interest on indebtedness, if any, incurred by the Fund or the Portfolio; (iii) the taxes, including franchise, income, issue, transfer, business license, and other corporate fees payable by the Fund or the Portfolio to federal, state, county, city, or other governmental agents; (iv) the fees and expenses of each director of the Fund who is not an “interested person” thereof, as defined in Section 2(a)(19) of the Act; (v) the expenses, including fees and disbursements of counsel, in connection with litigation by or against the Fund or the Portfolio; (vi) the expenses, including fees and

disbursements, of any legal counsel separately representing the Fund’s independent directors; and (vii) any other extraordinary expense of the Fund or Portfolio.

Pursuant to the Management Agreement, effective December 1, 2020, the Adviser is paid a management fee based on the Fund’s average daily net assets according to the following schedule:

Average Daily Net Assets of the Fund	Annual Management Fee Rate
First \$10 million	0.25%
Over \$10 million	0.60%

For the fiscal year ended August 31, 2025, the Advisor received an aggregate fee of 0.36% for investment advisory services performed, expressed as a percentage of average net assets of the Fund.

Pursuant to the Operating Services Agreement, effective December 1, 2020, the Adviser is paid an operating services fee based on the Fund’s average daily net assets according to the following schedule:

Average Daily Net Assets of the Fund	Annual Fee Rate
First \$10 million	1.20%
Next \$15 million	0.75%
Next \$25 million	0.65%
Next \$50 million	0.50%
Over \$100 million	0.35%

For the fiscal year ended August 31, 2025, the Advisor received an aggregate fee of 1.06% for operating services performed, expressed as a percentage of average net assets of the Fund.

A discussion regarding the basis for approval by the Board of Trustees of the Trust’s Management Agreement with the Adviser is available in the Fund’s semi-annual report for the period ended February 28, 2025.

The Fund’s expenses are comprised of expenses directly attributable to the Fund as well as expenses that are allocated among all series of the Trust. In addition, the Adviser is responsible for distribution expenses – including, among other things, the expense of printing and mailing prospectuses and sales materials used for promotional purposes. The Adviser or the Sub-Adviser (not the Fund) may, from its management fee, pay certain financial institutions (which may include banks, brokers, securities dealers and other industry professionals) a fee for providing distribution-related services and/or performing certain administrative servicing functions for Fund shareholders to the extent these institutions are allowed to do so by applicable statute or regulation.

Sub-Adviser / Portfolio Managers

The Adviser has the ultimate responsibility (subject to oversight by the Board) to oversee the Fund’s Sub-Adviser and recommend its hiring, termination and replacement. The Adviser has entered into an investment sub-advisory agreement with J. Team Financial, Inc. d/b/a Team Financial Strategies (“Team”), under which Team serves as the Fund’s Sub-Adviser. The Adviser has retained Team to render advisory services and make daily investment decisions for the Fund. The day-to-day management of the Fund is performed by portfolio managers employed by Team. Team is registered as an investment adviser under the Investment Advisers Act of 1940. Information regarding Team and its portfolio managers’ business experience and educational background follow:

Team Financial Strategies (“Team”) whose principal executive offices are located at 425 Cypress Street, Abilene, TX 79601, manages the portfolio of the Fund and has since its inception. As of August 31, 2025, Team manages over \$245.5 million in total assets for institutions and high net worth individuals and invests in high quality domestic securities, including stocks, bonds, mutual funds, exchange traded funds and options.

A discussion regarding the basis for the most recent approval by the Board of Trustees of the Sub-Advisory Agreement by and among the Trust, the Adviser and Team is available in the Fund’s annual report for the period ended February 28, 2025.

Portfolio Managers.

Portfolio Managers. Jody Team and Chad Hoes are primarily responsible for the day-to-day management of the Fund.

Jody Team, CFP®. Mr. Team received a BBA in Finance from Abilene Christian University in May of 2001. Mr. Team earned the CERTIFIED FINANCIAL PLANNER™ marks in June of 2004 after passing the CFP Board exam and meeting the education, experience and ethics requirements set forth by the CFP Board.

Mr. Team established J. Team Financial, Inc. d/b/a Team Financial Strategies in May of 2005 and has operated Team Financial Strategies since its inception. He is the President of the company and is the Chair of the firm’s investment team. At Team, Mr. Team advises on individual client asset allocations as well as multiple models that are implemented with clients of the firm. Mr. Team serves as the lead portfolio manager of the Fund.

Chad B. Hoes. Mr. Hoes attended Hardin-Simmons University and received a Bachelor of Business Administration degree with an emphasis in Finance in 2002. Mr. Hoes also holds an MBA from Texas A&M University in Commerce, TX and is a Chartered Portfolio Manager, a certification of the Global Academy of Finance and Management. Previously, Mr. Hoes was the Chief Investment Officer at Parkway Advisors, L.P. from 2012 to 2024 and Portfolio Manager at Parkway Advisors, L.P. from 2006 to 2012. Mr. Hoes oversees investments for Team Financial Strategies and is a member of the firm’s investment team.

The Fund’s Statement of Additional Information contains further details about the portfolio managers’ compensation, other accounts they manage, and their ownership of Fund shares.

Other Service Providers

Mutual Shareholder Services, LLC, (the “Transfer Agent”), provides certain administration, portfolio accounting, and transfer agent and shareholder services to the Fund. The Transfer Agent’s address is 8000 Town Centre Drive, Suite 400, Broadview Heights, OH 44147.

Arbor Court Capital, LLC (the “Distributor”), the principal underwriter of the Fund, acts as the Fund’s representative in connection with the offering of Fund shares. The Fund may be offered by other broker-dealers as well. The Distributor is affiliated with the Transfer Agent but is not affiliated with the Adviser nor its affiliated companies.

The fees and other charges (except for the costs of membership in trade associations, SEC registration fees and related expenses, brokerage fees and commissions, taxes, borrowing costs (such as (a) interest and (b) dividend expense on securities sold short), litigation expenses, fees and expenses of non-interested Trustees attributable to the Fund and extraordinary expenses) associated with the Fund’s service providers are paid by the Adviser pursuant to an Operating Services Agreement..

The fees and other charges (except for any extraordinary expenses) associated with the Fund's service providers are paid by the Adviser.

YOUR ACCOUNT

Who May Want to Invest in the Fund

You may want to purchase shares of the Fund if:

- You are an investor willing to accept significant fluctuations in the value of your investment
- You are an investor who can tolerate the greater risks associated with common stock investments

The Fund may *not* be appropriate for you if:

- You need regular income or stability of principal
- You are pursuing a short-term goal or investing emergency reserves

General Information

You pay no sales charges to purchase or sell (redeem) shares of the Fund. You may purchase and sell shares at the net asset value (“NAV”) next calculated after receipt of your purchase order or redemption request by the Fund’s transfer agent in “good order.” If your purchase order is received in good order prior to 4:00 p.m. (Eastern time), your transaction will be priced at that day’s NAV. The Fund will not accept orders that request a particular day or price for the transaction or any other special conditions. The Fund will be deemed to have received a purchase order or redemption request when an authorized broker or, if applicable, a broker’s designee receives same in good order.

Good Order:

Purchase Order of Shares: When making a purchase request, make sure your request is in good order. “Good order” means your purchase request includes:

- the name of the Fund and share class, if applicable;
- the dollar amount of shares to be purchased;
- a completed purchase application or investment stub; and
- a check payable to the Fund.

Redemption Request of Shares: When making a redemption request, make sure your request is in good order. “Good Order” means your redemption request includes:

- the Fund name and your account number;
- the account name(s) and address;
- the dollar amount or number of shares you wish to redeem; and
- signatures by all registered share owner(s) in the exact name(s) and any special capacity in which they are registered.

The Fund does not issue share certificates.

You will receive quarterly statements and a confirmation of each transaction. You should verify the accuracy of all transactions in your account as soon as you receive your confirmation.

The Fund reserves the right to impose new minimum investment amounts. The right of redemption may not be suspended, except for any period during a period which: (1) the New York Stock Exchange, Inc. is closed (other than customary weekend and holiday closings) or during which the SEC determines that trading

thereon is restricted; (2) an emergency (as determined by the SEC) exists as a result of which disposal by a Fund of its securities is not reasonably practicable or as a result of which it is not reasonably practicable for a Fund fairly to determine the value of its net assets; or (3) the SEC may by order permit for the protection of the shareholders of a Fund.

When and How NAV is Determined. The Fund calculates its NAV as of the close of regular trading on the New York Stock Exchange (the “Exchange”) (generally 4:00 p.m., Eastern time) on each weekday except days when the Exchange is closed. The price at which a purchase or redemption is affected is based on the next calculation of NAV after the order is placed. The time at which the Fund’s NAV is calculated may change if the SEC has determined an emergency condition exists or if the Exchange closes early. The Fund’s NAV is determined by taking the market value of all securities owned by the Fund (plus all other assets such as cash), subtracting all liabilities and then dividing the result (net assets) by the number of shares outstanding. The Fund values securities for which market quotations are readily available at current market value. If market quotations are not readily available or are considered to be unreliable due to significant market or other events, the Fund values securities at fair value, as determined under procedures adopted by the Board of Trustees of the Trust (e.g., if the exchange on which a portfolio security is principally traded closes early or if trading in a particular portfolio security was halted during the day and did not resume prior to the Fund’s NAV calculation). The NAV may be different if fair value is utilized rather than using market quotations.

Transactions Through Third Parties. Shares of the Fund may be purchased through certain brokerage firms and financial institutions that are authorized to accept orders on behalf of the Fund and such organizations may be authorized to designate intermediaries to accept orders on behalf of the Fund. Orders will be priced at the NAV next determined after your order is received by such organization, or its designee, in proper form. These organizations may charge you transaction fees on purchases of Fund shares and may impose other charges or restrictions or account options that differ from those applicable to shareholders

who purchase shares directly through the Fund. These organizations may be the shareholders of record of your shares. The Fund is not responsible for ensuring that the organizations carry out their obligations to their customers. Shareholders investing in this manner should look to the organization through which they invest for specific instructions on how to purchase shares.

Buying Shares

How to Make Payments. All investments must be in U.S. dollars and checks must be drawn on a U.S. financial institution. The Fund does not accept cash, drafts, “starter” checks, travelers’ checks, credit card checks, post-dated checks, cashier’s checks under \$10,000, or money orders. In addition, the Fund does not accept checks made payable to third parties.

- **Checks.** Checks must be made payable to “Monteagle Funds.” The Transfer Agent will charge \$25 against a shareholder’s account for any check returned for insufficient funds.
- By sending your check to the Transfer Agent, please be aware that you are authorizing the Transfer Agent to make a one-time electronic debit from your account at the financial institution indicated on your check. Your bank account will be debited as early as the same day the Transfer Agent receives your payment in the amount of your check; no additional amount will be added to the total. The transaction will appear on your bank statement. Your original check will be destroyed once processed, and you will not receive your canceled check back. If the Transfer Agent cannot post the transaction electronically, you authorize the Transfer Agent to present an image copy of your check for payment.
- **Bank Wires.** Instruct your financial institution to make a federal funds wire payment to us. Your financial institution may charge you a fee for this service. The Fund requires advance notification of all wire purchases in order to ensure that the wire is received in proper form and that your account is subsequently credited in a timely fashion. Failure to notify the Transfer Agent prior to the transmittal of the bank wire may result in a delay in purchasing shares of the Fund. An order is considered received when Huntington National Bank, the Fund’s custodian, receives payment by wire. If your account application was telecopied to the Transfer Agent, you must also mail the completed account application to the Transfer Agent on the same day the wire payment is made. Shares will be issued at the NAV next computed after receipt of your wire in proper form.
- **IRA Accounts.** Please note that a different procedure is used for opening Individual Retirement Accounts (IRAs). Please call the Transfer Agent at (888) 263-5593 for details.

Minimum Investments. The minimum initial investment for the Fund is \$50,000 for Class I shares. There is no minimum for additional investments. Management of the Fund may choose to waive the initial investment minimum.

Systematic Investments. You may invest a specified amount of money in the Fund once or twice a month on specified dates. These payments are taken from your bank account by electronic transfer. The Transfer Agent currently pays the costs of this service, but reserves the right, upon 30 days' written notice, to make reasonable changes. Your depository institution may impose its own charge for making transfers from your account. Systematic investments must be at least \$100 per occurrence. Please call the Transfer Agent at (888) 263-5593 for details.

Limitations on Purchases. The Fund reserves the right to refuse any purchase (including exchange) request, particularly requests that could adversely affect the Fund or its operations. This includes those from any individual or group who, in the Fund's view, is likely to engage in excessive trading.

Cancelled or Failed Payments. The Fund accepts checks and electronic bank transfers at full value subject to collection. If your payment for shares is not received or you pay with a check or electronic bank transfer that does not clear, your purchase will be cancelled. You will be responsible for any losses or expenses incurred by the Fund or the Transfer Agent, and the Fund may redeem shares you own in the account (or another identically registered account in any Fund) as reimbursement. The Fund and its agents have the right to reject or cancel any purchase, exchange or redemption due to nonpayment.

Customer Identification and Verification. To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person that opens a new account, and to determine whether such person's name appears on government lists of known or suspected terrorists and terrorist organizations. As a result, the Fund must obtain the following information for each person that opens a new account:

- Name;
- Date of birth (for individuals);
- Residential or business street address (although post office boxes are still permitted for mailing); and
- Social security number, taxpayer identification number, or other identifying number.

You may also be asked for a copy of your driver's license, passport, or other identifying document in order to verify your identity. In addition, it may be necessary to verify your identity by cross-referencing your identification information with a consumer report or other electronic database. Additional information may be required to open accounts for corporations and other entities. *Federal law prohibits the Fund and other financial institutions from opening a new account unless they receive the minimum identifying information listed above.*

After an account is opened, the Fund may restrict your ability to purchase additional shares until your identity is verified. The Fund also may close your account or take other appropriate action if it is unable to verify your identity within a reasonable time. If your account is closed for this reason, your shares will be redeemed at the NAV next calculated after the account is closed. In each case, your redemption proceeds may be worth more or less than your original investment. The Fund will not be responsible for any loss incurred due to the Fund's inability to verify your identity.

Selling Shares

The Fund processes redemption orders promptly and you will receive redemption proceeds within a week. Delays may occur in cases of very large redemptions, excessive trading or during unusual market conditions. Under unusual circumstances as provided by the rules of the SEC, the Fund may delay payment of redemption proceeds for more than 7 days. The Fund will redeem your shares when the redemption request is received in proper form; however, if you recently purchased your shares by check and the Fund has not yet collected payment for those shares, your redemption proceeds will only be released when the Fund is reasonably satisfied that the check has cleared, which may take up to 15 calendar days.

 - Wired to you (unless you did not provide bank account information on your account application) (See “By Wire”)

Systematically

- Complete the systematic withdrawal section of the application
- Attach a voided check to your application
- Mail us your completed application

Telephone Redemption Privileges. You may redeem your shares having a value of \$25,000 or less by telephone by calling the Transfer Agent at (888) 263-5593 unless you declined telephone redemption privileges on your account application. Telephone redemptions may be requested only if the proceeds are to be sent to the shareholder of record and mailed to the address on record with the Fund.

Upon request, redemption proceeds of \$100 or more may be sent to your bank by electronic transfer, and proceeds of \$5,000 or more may be transferred by wire, in either case to the account stated on the account application. Shareholders may be charged a fee of \$15 by the Fund's custodian for outgoing wires.

Telephone redemption privileges and account designations may be changed by sending the Transfer Agent a written request with all signatures guaranteed as described above. The Transfer Agent requires personal identification before accepting any redemption request by telephone, and telephone redemption instructions may be recorded. If reasonable procedures are followed by the Transfer Agent, neither the Transfer Agent nor the Fund will be liable for losses due to unauthorized or fraudulent telephone instructions. In the event of drastic economic or market changes, a shareholder may experience difficulty in redeeming shares by telephone. If such a case should occur, redemption by mail should be considered.

Wire Redemptions. You may have your redemption proceeds wired to you if you provided bank account information on your account application. The minimum amount you may redeem by wire is \$5,000. If you wish to make your wire request by telephone, you must also have telephone redemption privileges.

IRA Redemptions. If you are an IRA shareholder, you must indicate on your redemption request whether or not to withhold federal income tax. Requests that do not indicate a preference will be subject to withholding.

Systematic Withdrawal. If you own shares of the Fund with an aggregate value of at least \$10,000, you may request a specified amount of money from your account once a month or once a quarter on a specified date. These payments can be sent to your address of record by check or to a designated bank account by electronic transfer. Systematic requests must be for at least \$100 per occurrence.

Signature Guarantee Requirements. To protect you and the Fund against fraud, certain redemption options will require a signature guarantee. A signature guarantee verifies the authenticity of your signature. The Transfer Agent will accept signatures guaranteed by a domestic bank or trust company, broker, dealer, clearing agency, savings association or other financial institution which participates in the STAMP Medallion program sponsored by the Securities Transfer Association. Signature guarantees from financial institutions which do not participate in the STAMP Medallion program will not be accepted. A notary public cannot provide a signature guarantee. Written instructions signed by all registered owners, with a signature guarantee for each owner, are required for any of the following:

- Request to redeem \$100,000 or more;
- Redemption from an account for which the address or account registration has changed within the last 30 days;
- Sending redemption or distribution proceeds to any person, address, brokerage firm or bank account not on record; or
- Sending redemption or distribution proceeds to an account with a different registration (name or ownership) from yours.

We reserve the right to require a signature guarantee(s) on all redemptions.

Small Accounts. If the value of your account falls below \$2,000, the Fund may ask you to increase your balance. If the account value is still below \$2,000 after 60 days, the Fund may close your account and send you the proceeds. The Fund will not close your account if it falls below this amount solely as a result of a reduction in your account's market value.

Redemptions In Kind. The Fund reserves the right to pay redemption proceeds in portfolio securities rather than cash. These redemptions "in kind" usually occur if the amount requested is large enough to affect the

Fund's operations (for example, if it represents more than 1% of the Fund's assets). A redemption in kind will consist of securities equal in market value to the Fund shares being redeemed. When you convert these securities to cash, you will pay brokerage charges.

Lost Accounts. The Transfer Agent will consider your account "lost" if correspondence to your address of record is returned as undeliverable, unless the Transfer Agent determines your new address. When an account is "lost," all distributions on the account will be reinvested in additional shares of the Fund. In addition, the amount of any outstanding (unpaid for 6 months or more) checks for distributions that have been returned to the Transfer Agent will be reinvested and the checks will be cancelled.

Exchange Privileges

You may sell your Fund shares and buy shares of any other series of the Trust, also known as an exchange, by telephone or in writing. Because exchanges are treated as a sale and purchase, they may have tax consequences. Shares of the Fund acquired by means of an exchange will be purchased at the NAV next determined after receipt of the exchange request in proper form by the Transfer Agent.

Requirements. You may exchange only between identically registered accounts (name(s), address and taxpayer ID number). To prevent the abuse of the exchange privilege to the disadvantage of other shareholders, the Fund reserves the right to terminate or modify the exchange privilege upon 60 days' notice to shareholders. There is currently no limit on the number of exchanges, but each Fund reserves the right to limit exchanges. You may exchange your shares by mail or telephone, unless you declined telephone exchange privileges on your account application.

The Transfer Agent requires personal identification before accepting any exchange request by telephone, and telephone exchange instructions may be recorded. If reasonable procedures are followed by the Transfer Agent, neither the Transfer Agent nor the Fund will be liable for losses due to unauthorized or fraudulent telephone instructions. In the event of drastic economic or market changes, a shareholder may experience difficulty in exchanging shares by telephone. If such a case should occur, sending exchange instructions by mail should be considered.

Market Timing

The Funds discourage and do not accommodate market timing. Frequent trading into and out of the Funds can harm all Fund shareholders by disrupting the Funds' investment strategies, increasing Fund expenses, decreasing tax efficiency, and diluting the value of shares held by long-term shareholders. The Funds are designed for long-term investors and are not intended for market timing or other disruptive trading activities. Accordingly, the Funds' Board has approved policies that seek to curb these disruptive activities while recognizing that shareholders may have a legitimate need to adjust their Fund investments as their financial needs or circumstances change. The Funds discourage excessive short-term trading in Fund shares and do not intend to accommodate such trading activity by investors. The Funds consider excessive short-term trading to be any pattern of frequent purchases and redemptions of the Funds' shares by an investor or group of investors, acting in concert, that could interfere with the efficient management of the Funds' portfolio or result in increased brokerage and administrative costs. The Funds currently use several methods to reduce the risk of market timing. These methods include:

- Committing staff to review, on a continuing basis, recent trading activity to identify trading activity that may be contrary to the Funds' market timing trading policy;
- Rejecting or limiting specific purchase requests; and
- Rejecting purchase requests from certain investors.

Though these methods involve judgments that are inherently subjective and involve some selectivity in their application, the Funds seek to make judgments and applications that are consistent with the interests of the Funds' shareholders.

Based on the frequency of redemptions in your account, the Adviser or transfer agent may in its sole discretion determine that your trading activity is detrimental to the Funds as described in the Funds' market timing trading policy and elect to reject or limit the amount, number, frequency, or method for requesting future purchases or exchange purchases of the Funds' shares.

The Funds reserve the right to reject or restrict purchase requests for any reason, particularly when the shareholder's trading activity suggests that the shareholder may be engaged in market timing or other disruptive trading activities. Neither the Funds nor the Adviser will be liable for any losses resulting from rejected purchase orders. The Adviser may also bar an investor who has violated these policies (and the investor's financial advisor) from opening new accounts with the Funds.

Although the Funds attempt to limit disruptive trading activities, some investors use a variety of strategies to hide their identities and their trading practices. There can be no guarantee that the Funds will be able to identify or limit these activities. Omnibus account arrangements are common forms of holding shares of the Funds. While the Funds will encourage financial intermediaries to apply the Funds' market timing trading policy to their customers who invest indirectly in the Funds, the Funds are limited in their ability to monitor the trading activity or enforce the Funds' market timing trading policy with respect to customers of financial intermediaries. For example, should it occur, the Funds may not be able to detect market timing that may be facilitated by financial intermediaries or made difficult to identify in the omnibus accounts used by those intermediaries for aggregated purchases, exchanges, and redemptions on behalf of all their customers. More specifically, unless the financial intermediaries can apply the Funds' market timing trading

policy to their customers through such methods as implementing short-term trading limitations or restrictions and monitoring trading activity for what might be market timing, the Funds may not be able to determine whether trading by customers of financial intermediaries is contrary to the Funds' market timing trading policy. Brokers maintaining omnibus accounts with the Funds have agreed to provide shareholder transaction information to the extent known to the broker to the Funds upon request. If the Funds or their transfer agent or shareholder servicing agent suspects there is market timing activity in the account, the Funds will seek full cooperation from the service provider maintaining the account to identify the underlying participant. At the request of the Adviser, the service providers may take immediate action to stop any further short-term trading by such participants.

The Funds and the Adviser reserve the right to modify any redemption fee at any time. If there is a material change to the Funds' redemption fee, the Funds will notify you at least sixty (60) days prior to the effective date of the change.

DISTRIBUTIONS AND TAXES

Distributions

The Fund declares and pays distributions from net investment income quarterly. Any net capital gains realized by the Fund will be distributed at least annually.

All distributions are reinvested in additional shares, unless you elect to receive distributions in cash. For Federal income tax purposes, distributions are treated the same whether they are received in cash or reinvested. Shares become entitled to receive distributions on the day after the shares are issued.

Taxes

The following information is meant as a general summary for U.S. taxpayers. Additional information appears in the Statement of Additional Information (“SAI”). Shareholders should rely on their own tax advisors for advice about the particular federal, state, and local tax consequences of investing in the Fund.

The Fund intends to qualify as a regulated investment company for federal income tax purposes, and as such, will not be subject to federal income tax on its taxable income and gains that it distributes to its shareholders. The Fund intends to distribute its income and gains in such a way that it will not be subject to federal excise tax on certain undistributed amounts.

The Fund’s distributions of net investment income (including short-term capital gains) are generally taxable to you as ordinary income, although certain dividends may be taxed to non-corporate shareholders at long-term capital gains rates. The Fund’s distributions of long-term capital gains, if any, generally are taxable to you as long-term capital gains regardless of how long you have held your shares of the Fund. Distributions may also be subject to state and local taxes.

If you purchase shares shortly before the Fund makes a distribution, you are taxed on the distribution even though the distribution may represent a return of your investment. The sale or exchange of Fund shares is a taxable transaction for Federal income tax purposes.

The Fund may be required to withhold Federal income taxes at the rate of 28% of all taxable distributions payable to you if you fail to provide the Fund with your correct taxpayer identification number or to make required certifications, or if you have been notified by the Internal Revenue Service that you are subject to backup withholding. Backup withholding is not an additional tax. Any amounts withheld may be credited against your Federal income tax liability.

The Fund will mail you reports by February 15 of each year containing information about the income tax status of taxable distributions paid during the prior year. For further information about the tax effects of investing in the Fund, including state and local tax matters, please see the SAI and consult your tax advisor.

Cost Basis Reporting. As of January 1, 2012, federal law requires that mutual fund companies report their shareholders’ cost basis, gain/loss, and holding period to the Internal Revenue Service on the Fund’s shareholders’ Form 1099s when “covered” securities are sold. Covered securities are any regulated investment company and/or dividend reinvestment plan shares acquired on or after January 1, 2012. The Fund has chosen Average Cost as its default tax lot identification method for all shareholders. A tax lot identification method is the way the Fund will determine which specific shares are deemed to be sold when there are multiple purchases on different dates at differing net asset values, and the entire position is not sold at one time. The Fund’s standing tax lot identification method is the method covered shares will be reported on your Consolidated Form 1099 if you do not select a specific tax lot identification method. You

may choose a method different than the Fund's standing method and will be able to do so at the time of your purchase or upon the sale of covered shares. Please refer to the appropriate Internal Revenue Service regulations or consult your tax advisor with regard to your personal circumstances.

FINANCIAL HIGHLIGHTS

The Financial Highlights table below is intended to help you understand the Fund's financial performance. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate an investor would have earned (or lost) on an investment in the Fund, assuming the reinvestment of all dividends and distributions. This information has been audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm, whose report, along with the Fund's financial statements, is included in the annual report to shareholders, which may be obtained at no charge by calling the Fund.
